QUALITY ASSURANCE

ISO 9001 Certified

RoHS Compliant

Powercom's quality system is our commitment to ensure our customers obtain the highest price/performance. Powercom has adopted the most rigid quality control system in the industry since 1996 by getting approved by ISO-9001 standard, and also RoHS compliant in year 2005.

Our QA staffs are full trained to perform each of the task within our production process, from IPQC (In Process Quality Control), and finally the OQA (Out-going Quality Assurance)
